Introducing Húli 狐狸

The software development organization inside Green Fox Academy

The Hunger Games

It was a free market before
A real Hunger Games

We learned, so here's the new

Schedule

- **Today: 10:00 - 12:00** Week start & Project Pitches
- Checkout the projects, technologies
- Provide Priority List of the Projects until Tuesday 8:00
- **12:00 - 13:00** Lunch
- **13:00 - 18:00** consume Scrum, Jira, Git materials
  - The mentors of the projects will use this 9:00-14:00 time to make up their priority list of possible candidates for their team, based on your preference list, your exam results, your progress rate
- **Tuesday 10:00 - 12:00** Finish the materials
- **12:00 - 13:00** Lunch
- **14:00 - 15:00** Proposals delivered to you
- **15:00 - 18:00** Starting on new technologies or organizing switches

Rules

Main Working hours

- **10:00 - 17:00**
  - You have to be in the office
  - 8 hours of work is still required
  - It depends on you where you fill the rest
- Each meeting is mandatory
  - Even if it's not in the main working hours
  - Each Meeting will be in your Scrum Team's calendar
- Missing, late rules remain the same
  - Arrive after 10:00 -> late, after 11:00 -> missing
  - 5 min late from meeting -> late, 1 hour late -> missing

Orientation Retake Phase

- If you fail the exam
  - You can't join a team
  - You'll have a full week to prepare and reach the level
- Exam on Friday
- Working separately
  - Arranged mentor for you during the whole week
- Redo the hard exercises, finish every missed one
- Pass the retake
  - If you pass, you continue with the 0th week
  - After that you'll join the project

0th week

- 1 week project in your selected technology
- No materials, just material review part
- Find your own materials
- At least one material review by the PO
- Scrum masters with you for daily one hour

nth week after 0

- PO
    - Plannings, demo, retro weekly 2 hours
    - Tech Talk, Code Review, Grooming weekly 2-4 hours
    - Available on slack most of the time
- SM
    - Facilitating standups
    - With you in the main working hours and meetings
    - Develops in the project and helps if needed

Async Final Exam

- It will be different
- Separate modules for the different teams (Ops, backend, frontend, etc.)
- As an apprentice you have to prove your knowledge in selected (around 10) big topics
- You can do parts of the final exam async before the 7th week Monday
- Details of the process here:

  https://github.com/green-fox-academy/definitions/tree/master/exam/async_final_exam.md
